## *Plumbing Products*

Metal Products company has been serving the plumbing industry for over 25 years. Our product line varies in function, from code required pipe protection to different products to hang piping. Because of our experience, our products cover code requirements in many different regions and states. If there's something specific you're looking for, our in-house die building staff can cater to your needs.

Our products are made with domestically bought steel because high quality manufacturing, and helping keep manufacturing in the USA is important to us. That is why we proudly say all of our product line is made in the USA.
